Subject: Conversation with Hurtado, Maria

Hurtado, Maria 11:26 AM:

Good morning! Sending along a kind reminder that if you see any accounting classes or training opportunities, please forward them my direction! Cindi is fully supportive too! Thanks!

Jessee, Meegan 11:27 AM:

Good morning -- I will! They aren't as frequent as I'd like, but I will forward anything relevant that I see. Also if you want to talk budget at some point I'm happy to.

Hurtado, Maria 11:28 AM:

That would be amazing! Sang just gave me four articles to read, plus told me to read Prop 13 and our current budget. Maybe after I read our budget I'll find some time on your calendar.

Jessee, Meegan 11:31 AM:

Sounds good

Hurtado, Maria 11:32 AM:

On a separate note,.. I am REALLY hoping that the board of supervisors chooses to save a large chunk of the PG&E settlement money. It would be really awesome if they put that money in an investment vehicle then used the annual dividends towards projects.

Jessee, Meegan 11:34 AM:

Yes it's a bit of a mixed bag since the best we can do is probably less than 2% interest per year given the limitations on investing public funds which we can also discuss if your interested, but even at that the interest could be significant.

Hurtado, Maria 11:35 AM:

Yes it could! I would love to learn more about investing public funds -- I worked for a large investment company for 13 years in their legal and compliance department so I know a bit about individual and institutional investing but nothing about public fund restrictions.

Jessee, Meegan 11:37 AM:

Interesting, I could learn some things from you as well!

Jessee, Meegan 11:41 AM:

Do you get the CSAC institute emails? They have some good trainings on a variety of topics related to county's. I assume some are virtual now. Looks like the budget class is full, but there is a realignment class that might be interesting.

Hurtado, Maria 11:43 AM:

I do not receive CSAC emails. Is there any way that either Cindi or I could receive those emails or at least be forwarded classes/information that might be useful for our team?

Jessee, Meegan 11:48 AM:

https://www.csacinstitute.org/

Here's the website. I'd recommend that you email the staff to be added to the mailing list

Looks like there is a "member services specialist"

Hurtado, Maria 11:49 AM:

Will do -- thank you!

Jessee, Meegan 11:50 AM:

The CSAC institute is sort of separate from CSAC and just about training. If you want CSAC general County issue emails I believe you can sign up on the CSAC website

Hurtado, Maria 11:50 AM:

Got it.. thanks again!
