Maria,

This is just one of many cases.
As I was searching for this particular case I was scrolling through our Press Releases and it began to feel more like Depress Releases ����

Take a look at the DA Press Releases

If you prefer Fakebook, you can simply scroll through the faces of crime.

Maria,

The majority of the revenues are the result of an Asbestos Dumping case in Chico.
Read the Press Release…
This amounted to $100,000 revenue into the Environmental and Consumer Protection fund.

The remaining $7,136.72 is from small revenues received from past cases with the likes of Target, Big Lots, and others.

Subject: Q4 Financial Report (DA)

Hi Art.

Each quarter, Meegan presents a financial report to the Board. Part of the report looks at budget to actuals in departments operating units and non-operating funds. We look at expenditures and revenues compared to normal expenditure and revenue ranges.

In the DA non-ops revenues account titled DA-ENV&CNSMR PROT (Account 431100/Charge code 50260000), the revenues increased from Q3 to Q4 (see below). We understand the increase from Q2 to Q3 was from the receipt of PG&E criminal prosecution funds. Can you tell us about the additional revenues received in Q4?

Account 431100/Charge code 50260000
Q3 Total: $515,595.34
Q4 Total: $622,732.06
Difference: $107,136.72

Unfortunately, we're under a tight turnaround. Please respond to this email by Monday, Oct 18. FYI, we are reviewing the FY21-22 Q1 data now so may have additional questions which will also have a quick turnaround.

Thank you for your speedy response!
